

**APA or CPA ACCREDITED INTERNSHIP MATCH RATES BY PROGRAM BETWEEN 2011-2014, AS REPORTED BY APPIC**

Based on the data below, we have calculated the following Match rates to APA Accredited Internships as follows:		Mean %	SD		
<b>All Programs</b>		<b>63.74</b>	<b>31.86</b>	<b>IMPORTANT NOTE:</b> An important decision when applying to graduate school pertains to the likelihood of obtaining a predoctoral internship in the very competitive internship application process. In the past ten years, approximately 75% of applicants match to internships, and even fewer to APA or CPA accredited internships that soon may be required for licensure in many states. The attached listing is based on data provided by APPIC regarding the number of students who successfully matched to an APA- or CPA-Accredited internship divided by the total number of students who registered for an APPIC match for an internship placement. <b>CAUTION #1:</b> Note that some students who register for the match may withdraw before Match Day for a variety of reasons that may or may not be related to their success in the process. The data reported below include these withdrawn applicants in the denominator, so be sure to interpret data cautiously. Data on each program are available here: <a href="http://www.appic.org/Portals/0/downloads/APPIC_Match_Rates_2011-14_by_ Univ.pdf">http://www.appic.org/Portals/0/downloads/APPIC_Match_Rates_2011-14_by_ Univ.pdf</a> . <b>CAUTION #2:</b> Because in many programs, so few students apply to internship, small differences in the match rate between programs (i.e., within 10%) likely are meaningless. However, this list may prove useful when examining more substantial differences in match rates and considering different possible graduate programs.	
<b>All PhD Accredited</b>		<b>81.20</b>	<b>18.45</b>		
<b>All PhD Unaccredited</b>		<b>27.57</b>	<b>32.56</b>		
<b>All PsyD Accredited</b>		<b>48.04</b>	<b>23.48</b>		
<b>All PsyD Unaccredited</b>		<b>7.29</b>	<b>11.20</b>
